# Putting Sophisticated Communication

in the Palm of Your Hand

**MOTOROLA**

**Motorola's Expert Line  
of Two-Way Radios—Keeping  
You Well Connected**

As a high-level professional, you know that staying on top depends on fast response. To succeed, you have to be ready to move at a moment's notice—and be able to connect instantly with the right colleagues and information. And that's what two-way radios deliver.

Reliable two-way radios let you talk with one, one dozen, or one hundred people at the touch of a button—without costly airtime charges.

No matter what your business, two-way radios give you the communication capability you need to maximize productivity and get the job done right.

## Sleek.

### Motorola EX500 and EX600: Sleek, Compact, and Powerful

The pace of today's workplace makes mobility more important than ever. Whether you're coordinating staff to set up a convention, alerting security workers to ward off a potential problem, or directing mobile units headed to an urgent situation, you need dependable communication tools to make critical connections—quickly and discreetly. The innovative new Motorola EX500 and EX600 conventional two-way portable radios are designed to give you exactly that.

## Compact.

Compact and lightweight, these sleek Expert Series radios provide advanced communication that you can take virtually anywhere. At less than 10 ounces, the Motorola EX500 and EX600 are among Motorola's smallest two-way radios and fit easily into the palm of your hand. But don't let their small size fool you. Both radios offer exceptional features and functionality to give you plenty of communication power, including:

- Comfortable, ergonomic design to make the radios easy to hold and carry
- X-Pand™ audio enhancement to help reduce background noise and improve sound quality
- Precision-controlled signaling features to save you time and effort by providing an extensive range of calling options
- 14-character alphanumeric display with user-friendly icons to help make the radios' information easy to understand
- Priority scanning capabilities to help ensure you don't miss important calls
- Easy reprogramming capabilities and versatile accessories to let you customize your radios as your business grows and changes

# Powerful.

## Motorola: Quality You Can Count On

For more than 65 years, Motorola has been a leader in creating state-of-the-art wireless communications for people like you. Each Motorola EX500 and EX600 portable is backed by a limited three-year\* warranty on parts and labor. So when you select the EX500 or EX600 radio, you can rest assured that you'll experience the same superior quality you've come to expect from all Motorola products.

\*Motorola Original radio accessories are covered by Motorola's one-year accessories warranty.

## MOTOROLA EX500 EX600 EXPERT SERIES

For sophisticated communication that keeps you light on your feet, the choice is clear. **Call today!** to ask your Motorola Two-Way Radio Representative about the Motorola EX500 and EX600 portables.

# Accessories

The various Motorola Original accessories available for your Motorola EX500 and EX600 portables make it easy to expand and customize your radios' capabilities to fit your business requirements.

## Audio Accessories

Headsets in various styles give your Motorola EX500 and EX600 portables enhanced sound clarity—especially useful in noisy environments—and can also provide hands-free operation through the radios' internal VOX (voice-activated) capability. Remote speaker microphones let you use your radio without lifting it out of its carry case. Comfortable earpieces mute the radio speaker and channel the audio directly to your ear, particularly useful when privacy is important.

## Batteries and Chargers

Motorola high- or ultra-high-capacity batteries boost the performance time of your radio to help ensure that it's ready whenever you need it. Compact lithium ion batteries are ideal for users who prefer a slimmer, lighter radio. Single and six-unit chargers can charge spare batteries in one to three hours, minimizing radio downtime. Moreover, chargers for the Motorola EX500 and EX600 radios may also be used with Motorola Professional Series portable radios.

## Carry Cases and Carry Holsters

Handy leather or nylon carry cases and carry holsters are designed to hold your Motorola EX500 or EX600 portable securely in place, protecting your radio and making it easy and comfortable to carry.

## Antennas

A variety of antennas available for the Motorola EX500 and EX600 radios offers you flexibility in size and calling range. These antennas are fully compatible with those used for Motorola Professional Series portable radios.

Motorola Original radio accessories are covered by Motorola's one-year accessories warranty.
